

East Montgomery Baseball and Softball, Inc.

Statement of Policy

This is a restatement of the league's long-standing policy regarding participation in tournament team play.

Tournament Team Participation

Participation on an East Montgomery tournament team is a privilege that is bestowed upon players, coaches, and managers by the Board of Directors. It is not a right that a player, coach or manager receives automatically based upon any criteria, including the criteria established in the respective Dixie rule book. East Montgomery reserves the right to disqualify any player, coach, or manager from participation in tournament play without providing a detailed explanation of the disqualification. Some examples of actions that would result in disqualification are unsportsmanlike behavior (both on and off the field), disciplinary actions, failure to abide by the East Montgomery Constitution and By-laws, lack of support for the activities of the League, and interference with the efficient operations of the League. This is not intended to be an all-inclusive list but rather a limited number of examples of disqualifying actions.
